

Minutes from Class March 10, 2004

- Manon informed the groups of what files were needed for the disks for the PCB layout. There are flyers in both the DSP and electronics labs on what is needed.
- The disks for the PCB layouts are on the bookcase in the DSP lab. Please follow the instructions listed.
- Manon informed the groups that they need to fill out the sheets on what they have worked on since last Wednesday. Those need to be placed back in the binders under the Notes section.
- Individual groups met and worked on their layouts.
