

Minutes from Class March 8, 2004

- Professor Gum informed us that all parts that had been ordered were in.
- Professor Gum informed us that we are trying to get a cabinet for our parts.
- Manon informed everyone that Detailed Design Documents need to be on the m: drive ASAP if they were not already done so.
 - Manon informed everyone that group detailed design reviews should occur during class on Monday, March 8, 2004 so that during lab on Tuesday, March 9, 2004, a full group detailed design review could occur
- Reminder that circuit board layouts need to be in to Professor Gum by Friday, March 12, 2004, if not earlier.
